INNOVATION, NOMENCLATURE & CONCEPT

Exn Dr Nirmal Basu 7th Sense Master

Why “T” in “preventT” ?

“T” stands for “Travel”.

MUSTQUITO is one issue that cannot be restricted to your place of stay / work, but also your travel and stay outside, as **MOSQUITOES** are there everywhere.

There are umpteen incidents when people who enjoyed mosquito-protected environment, succumbed to mosquito-bite either during their travel or the place where they went and stayed

EXPOSURE TO MOSQUITOES IS QUITE HIGH WHILE YOU GO OUT

prevent

MUST for
everyone

Outdoor prevent

MOS-KIT* a set of repellent that you
carry when you go out

Why preventT -preventT (TRAVEL)

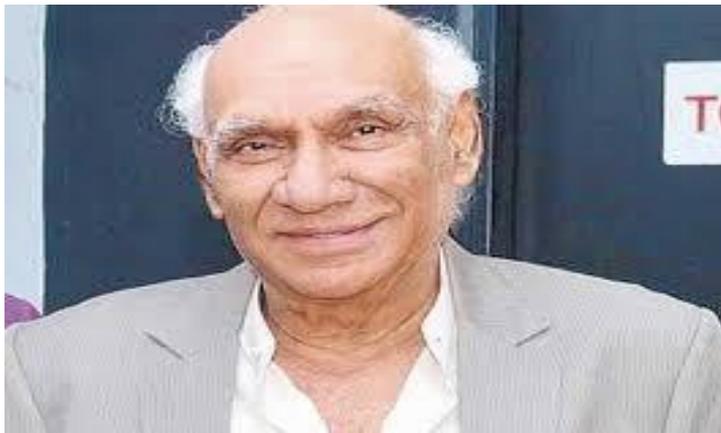

Go Guided & Guarded assumes all importance when we come across instances of even most affluent & educated with awareness have lost their LIVES due to lack of protection from mosquito in their place of **VISIT / STAY**

Dr Sumedh Pazare Doctor Mumbai BYL Hospital died of dengue

Dr Shruthi of KEM Hospital died due to DENGUE

**FILM WORLD BRAHMA
YASH CHOPRA died due to Dengue**

Tamil Nadu leading film artiste's only son died by BRAIN FEVER in 2015

Countries /areas at risk of dengue transmission, 2006

**WORLDWIDE
TRAVEL
ALERT**

Dengue-prone nations in dark yellow colour. Look the status of your Nation

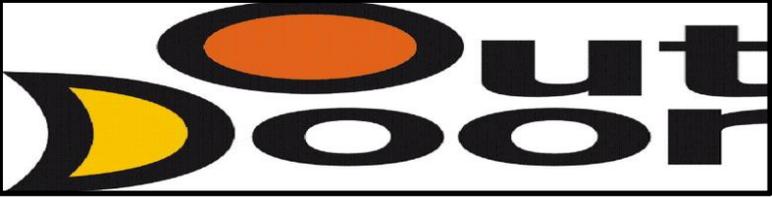

Dengue transmission spread from Southeast Asia into surrounding subtropical and tropical Asian countries, southern China and southern Taiwan, the Indian subcontinent and Sri Lanka, and down the island nations of Malaysia, the Philippines, New Guinea, north-eastern Australia, and several Pacific islands, including Tahiti, Palau, Tonga, and the Cook Islands .Hyper-endemic transmission is reported in Vietnam, Thailand, Indonesia, Pakistan, India, Malaysia, and the Philippines. Dengue continues to extend its range.

There are hundreds who have mosquito protection in their home, office and even car, but were affected when they went out due to **MOSQUITO BITE**

It is better that they know something about the place of their visit whether it is **MOSQUITO-PROOF** or **MOSQUITO-PRONE AREA**

Take guidance and guard themselves by taking repellents with them (spray or cream)

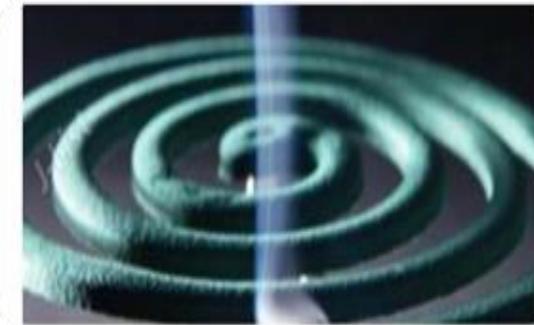

prevent (TRAVEL) G3

Carry with you **MOS-KIT**

MOS-KIT BAG
SAME as your
Toiletries Bag

MOS-KIT Bag. Stuff inside the repellents you use & take it with you like. For a short duration these are okay

MOS-KIT MOS-KIT MOS-KIT MOS-KIT MOS-KIT

Outdoor

DO'S & DON'TS

1. One can apply mosquito repellent cream and go. It is always better to carry a tube or bottle of mosquito repellent cream with you

2. There are sprays which will keep the Mosquito away . It is necessary when you attend outdoor event & meetings

3. Cover Your Body. Wear light-coloured, long-sleeved shirts and pants with fabric thick enough to prevent mosquitoes from biting. The occurrence of mosquito bites can be minimised by wearing long-sleeved shirts, and long pants to reduce exposed skin.

4. Wear SHOES & LONG SOCKS

What is meant by **TRAVEL**
in the context of
Mosquito Menace ?

TRAVEL has two components

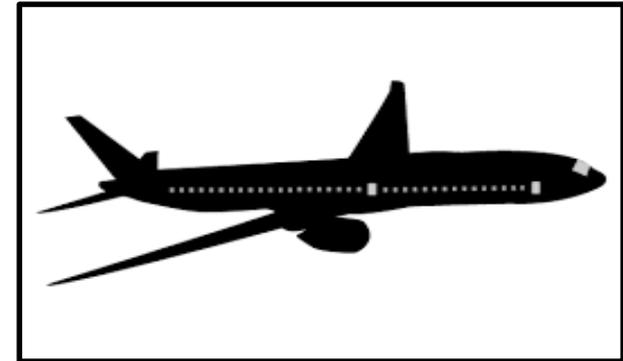

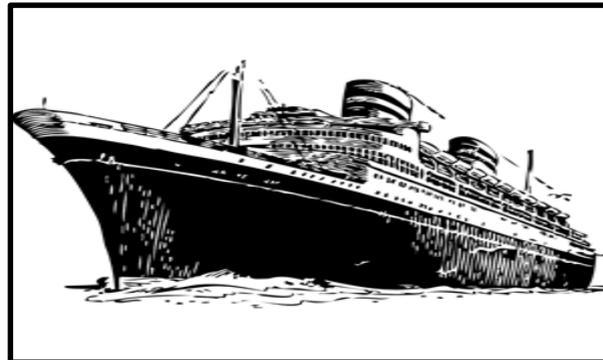

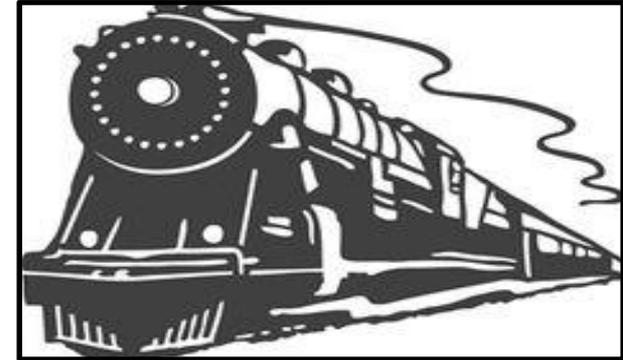

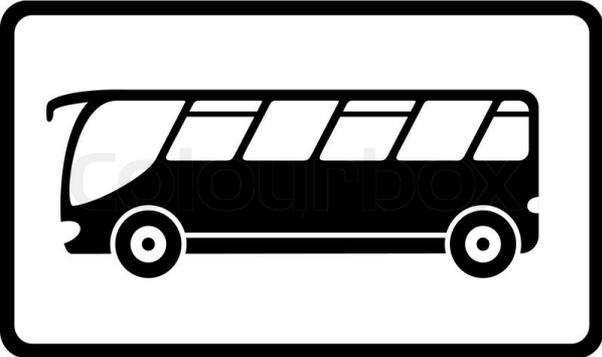

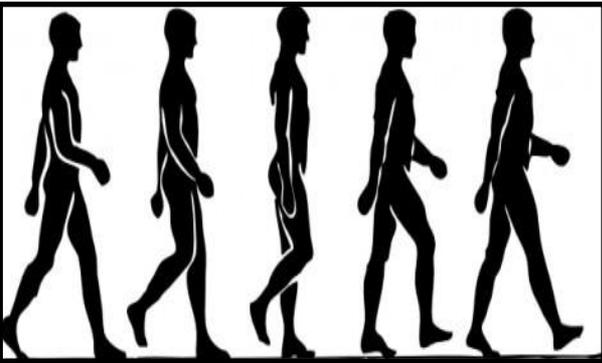

1. **ACTUAL TRAVEL**,
from **WALKING** to using
any mode of transport,
the time you spend in
commuting

2. **STAY**, from one minute
to any length of time in
another place. Stay
includes the time you
spend in a park, elevator,
playground, cinema, etc.

“prevent**T**”

What is a **TRAVEL** from the **MOSQUITO** point of view?

Protect yourself from mosquito while you do above TRAVELS

STAY includes **TIME SPENT**

Inside your **HOME** & outside your home, but inside your compound e.g. terrace

Using open space anywhere even for a brief chat

During **a** surface, water & air transport
TRAVEL

Inside a LIFT

Staying in a Host-house, Guest-house, Lodge, Hostel & Tent (any shelter)

Time spent in a **Park, Garden & Sanctuary**

Time spent in a playground / sports stadium

Time spent in a cinema /auditorium

Tourist spot & Place of Worship

“prevent”
