WATER WITHER & WATER POLLUTION

People of all castes & religions should join & work together to get quality water

WATER problem is there EVERYWHERE

**People should unite &
work together to get quality water**

ABC

Where is WATER ?

A kid instead of going to school spending time to fetch water. She has lost both education & enjoying the beauty of being a CHILD

Photo by Shaju John

ABC

A corrupt politician was boasting “Even food in my house is cooked in mineral water”

But a kid, instead of going to school, spending time to fetch water. Why this disparity?

CHEMICAL POLLUTION

Sources of Pathogens

Water Pollution

Untreated Municipal Sewage

Human sewage is the most common source of pathogen pollution, particularly in South America, Asia, and Africa.

Sewage From Ships

Waste from recreational and commercial vessels, particularly cruise ships, also introduces pathogens to ocean waters.

Livestock and Animal Waste

Discharge of waste from farm, domestic or wild animals can introduce bacteria, viruses and parasites into local water systems and coastal waters.
