

IDEA-CYCLING TEAM WORK

DO **IDEA-CYCLING** to
PREVENT PLASTIC POLLUTION
by its **MINIMUM USE**

IDEA CYCLING

Whether is RECYCLING or
UPCYCLING, you need ideas
for which there should be
IDEA CYCLING. A group
should sit and brainstorm &
generate ideas.

KNOWLEDGE CYCLING

What you know,
I don't know.

What I know, you
don't know.

Together we know
a lot

ACTION CYCLING

What you can do,
I can't do.

What I can do,
you can't do.

Together we can do
a lot.

Idea Cycling

I have one Rupee

You have one Rupee

We exchange

I have one Rupee

You have one Rupee

I have one idea

You have one idea

We exchange

Both have two ideas.

Idea Cycling

You improve my idea.
I improve your ideas.
Both of us, together
improve my & your
ideas

IDEA CYCLING

Any idea contributed by one can be improved by others. Like waste becomes wealth by recycling, any idea can be enriched by **IDEA CYCLING** through **collective thinking** . You can make addition, deletion, modification, subtraction to an idea of another and give value additions. That is all about **IDEA CYCLING**.

Think Cycling for Groups

When many join together & involve themselves in collective thinking, there will be group vibration, motivating each of the participants to deeply think & spell out his thoughts to others for improvement.

THINK CYCLING is nothing but **brain storming** on important common issues & in the process creating synergy. Every one cannot offer a concept, but certainly one can do hitchhiking, that is improving the idea of another person. See Human Resource Management folder to know more.

Types of THINKING & COLLECTIVE THINKING That will be useful for IDEA CYCLING

Brain storming, Mental Gymnastics,
Inversion, TAD, DAT, & many others.

Learn & practice Think-Cycling

See 'HRM' Folder for more details
