M2 Maximum Reuse of PLASTIC WASTE

Use them as a container for dog poop retrieved out of the yard by turning the bag inside-out, putting your hand in it like a make-shift glove and grabbing the poop. Once you've grabbed the poop, use your other hand to turn the bag right side out and the poop will magically be inside the bag. Be sure to use a bag that doesn't have any holes in it !!!

Make a mattress/ pillow by stuffing plastics

To carry goods and packing to avoid breakage

Use them as packing material in lieu of the dreaded white foam peanut

M2 Maximum Reuse of PLASTIC WASTE

Tear a piece of the bag off and use it a seal before screwing a cap back onto a bottle or jar that might decide to leak

Use them as a food-stain-proof cook book cover

Use large plastic bags to keep lawn furniture covered

Use them as small-but-handy lawn clean-up bags

Use them to store wet beach clothes in

Use them as luggage when traveling.

Use them as you would a rubber glove

Use them as a kite to keep a kid (or yourself) amused

M2 Maximum Reuse of PLASTIC WASTE

Use them to catch stray paint droplets when you are painting

Use them as flags

Use them as a doggie bag when you are in a restaurant and want to take a piece of chicken home with you in a purse or pocket

Use them to store dirty clothes in, use large ones to cover clothes in a closet or while traveling to keep the clothes clean when you are traveling

Use them to protect the plaster cast so you can take a shower after you break your foot

Use them as freezer bags

Use them to wrap up leftovers to keep them from drying out in the refrigerator

M2 Maximum Reuse of **PLASTIC WASTE**

Use them as bread bags for homemade bread made in an electric bread maker

Use large ones to slip over ceiling fan blades when cleaning the blades to catch the dust and keep it from falling on the floor

Use them as a toy

Use them as handy sick bags when someone is feeling nausea

Put them on your wiper blades and mirrors in the winter to keep them free from snow and ice

Use one to hold your clothespins when you are hanging your clothes out to dry

Use one to carry junk foods in

Store wet paint brushes in them as a paintbrush

PLASTIC PRACTIC

M2 Maximum Reuse of PLASTIC WASTE

Use them as inexpensive home insulation

Use them when re-upholstering boat seats between the foam padding and the vinyl upholstery to make the seats semi-water proof

Use them to put used oil filters in to keep them from contaminating the rest of the trash

Use them as flexible molds for the spray foam that hardens to fill in holes in walls, etc.

Use them as a porta-potty liner

Use them to store rugs in

Weave them into an inexpensive rug!!!!

Lining for Blanket – Good if you live in a cold climate

Door stopper

M2 Maximum Reuse of PLASTIC WASTE

Face Mask

Cushion to take load on head Massage

Fishing

Blind fold game

Use them to show Road signals

To make attractive Banners to display

Spread sheets on surfaces prone to dust

To patch up the torn leather or other kinds bags

Use them as CD covers

Make them into neat and decent envelops
