- He/she can gradually start a full-fledged chapter of Maa, Mother Everywhere (Micro Chapter) having in its membership people of all castes and faiths
- But immediately he/she should do two activities as Maa, Mother Everywhere (Micro Chapter) which are
  1. Unity Unanimity - EXHIBIT & EDUCATE
  2. GESTURE CULTURE
  3. COLLABORATE and CELEBRATE

Maa, Mother Everywhere Micro Chapter should have people of all castes and faiths as SERVICE-TORCH-BEARERS and MEMBERS
Immediately after the demolition of BABRI MASJID on 6th December 1992, there were communal riots throughout India over 2000 people were killed. Most of the people killed were people of three main faiths—Muslims, Hindus and Christians and sizable were women belonging to the lower strata of the society and living in houses without protection (huts). They were soft-targets for the hooligans.

2000 PEOPLE were killed in INDIA except CHENNAI
Here is the breakup of deaths state-wise in December 1992:

- Gujarat: 246
- Maharashtra: 259
- Assam: 100
- West Bengal: 32
- Uttar Pradesh: 201
- Rajasthan: 48
- Bihar: 24
- Kerala: 12
- Andhra Pradesh: 12
- Madras (Chennai): Zero

2000 PEOPLE were killed in INDIA except CHENNAI.

As per INDIA TODAY
“Chennai was an oasis of peace without single incident”

One of the reasons for Chennai being a PARADISE of PEACE was the massive Communal Harmony work done by ExNoRa during the previous three years.
COMMUNAL VIOLENCE

The destruction of the Babri Mosque, sparked outrage around the country, provoking several months of inter-communal rioting, burning and looting homes, shops and places of worship. The riots spread to cities like Mumbai, Surat, Ahmedabad, Kanpur, Delhi, Bhopal and several others, eventually resulting in over 2000 deaths.
COMMUNAL VIOLENCE  (CONTINUED)
The Mumbai Riots alone, which occurred in December 1992 and January 1993 caused the death of around 900 people, and estimated property damage of around ₹ 9,000 crore ($3.6 billion). The demolition and the ensuing riots were among the major factors behind the 1993 Mumbai bombings and many successive riots in the coming decades. Jihadi groups including the Indian Mujahideen cited the demolition of the Babri Mosque as a reason for their accelerating terrorist attacks.
From 1989 to 1992, the members of Civic ExNoRa chapters, besides keeping their areas clean and green were promoting communal harmony and oneness as per the organisational agenda.
Every street in TRIPLICANE and CHEPAUK areas where most of the population belonged to Hinduism and Islam had a Temple of Temples with pictures of Hindu Gods, Jesus and a Mosque adorning the walls.
There will be weekly ALL RELIGIOUS PRAYER in some of the 39 streets of Hindus, Muslims and Christians residing in Chepauk and Triplicane areas.
Each Street had a single PLACE of WORSHIP for all FAITHS, Hinduism, Christianity and Islam created by the respective RWA CIVIC ExNoRa 1990 to 93

The Temple of Temples was only a WALL ART without occupying road space. Not only the streets became clean, it brought oneness among the residents belonging to Hinduism, Christianity and Islam of TRIPPLICANE and CHEPAUK AREAS
ExNoRa doing the historical COMMUNAL HARMONY exercise had another reason and purpose

The Triplicane and Chepauk has been having Hindu and Muslim Population. They have been living peacefully with mutual RESPECT and LOVE. But 1990 saw an earthquake of communal clashes in their place and the Hindu and Muslim residents of Triplicane and Chepauk were no party to these communal clashes as each one of them respected other faiths.
ExNoRa doing the historical COMMUNAL HARMONY exercise had another reason and purpose. CONTINUED

On September 2, 1990, a procession completely of, for and by OUTSIDERS all belonging to a religious organisation went via Triplicane Big Mosque. Anti-social elements who found an opportunity got into the procession, attacked and looted the houses and shops of the Muslims of that area. The Hindu and Christian neighbours of the MUSLIMS felt sad and regretted for these incidents. Not only they went to the rescue of their MUSLIM brethren, but also offered generous help.
ExNoRa exercise had a reason & purpose CONTINUED

A few newspapers next day carried the following as their head-lines

“COMMUNAL CLASHES in TRIPLICANE and CHEPAUK”. The residents (ExNoRa members belonging to all the three religions) felt why they should be shown in bad light when they live in peace and their places were haven of communal harmony. It was outsiders who were responsible, was their anguish.

Hence the following projects which became viral and implemented in 39 roads
Hence was born the following three historical activities:

**Good deeds need advertisement**

It is commonly known of religion clashes even a meager one finds its enormous form through the passage of word of mouth and makes a vast damage of all kinds to the society. At the same time there are lot many people who work silently for the welfare of other religion. Their actions were not advertised. Instances, which depict humanity, should be thrown to the awareness of common public though media to create a conflict free society.

GESTURE CULTURE

THE PROOF OF THE PUDDING IS IN THE EATING.

Here is a LIVE MODEL how GESTURE CULTURE did help in averting a MAJOR COMMUNAL CLASH in 1992.
Most importantly immediately after the demolition of Babri Masjid what ExNoRa did brought peace and harmony and its action was appreciated by whole Chennai Population. ExNoRa members belonging to Hinduism and Christianity thronged to the Triplicane Big Mosque with crowbar in their hand, dug pits and started planting trees there.

An Ayyappa devotee planting sapling inside a mosque. Exnora Club president M.B. Nirmal is seen in the picture.

It was a symbolic effort to drive home the message of communal amity which has come under severe strains in the recent times. An Ayyappah devotee swathed in saffron planted a sapling of 'peace' as it were, inside the Wallajah mosque in Triplicane today, as Exnora International president M.B. Nirmal and his colleagues and Muslim leader Naseer Mohammed looked on with smiles of satisfaction.

The Exnora International Club which had sponsored the programme 'for peace' has decided to create an exquisite garden matching the architectural magnificence of the monolithic mosque.

The Wallajah mosque has rich claims to being a symbol of Hindu-Muslim amity. According to Naseer Mohammed, leader of Balthul-mai Tamilnadu, in 1786 when the Nawab of Wallajah strode on a horse along the street in which the mosque is located now, a poor woman suggested to him that a mosque could be built there. Immediately responding to her request, the Nawab ordered the construction of a mosque. In a year's time a mosque came up. And a Hindu clerk in the Nawab's court wrote a Persian couplet in praise of the mosque which has been engraved on a wall inside the mosque.

"Even today the Muslims while offering worship read out the inscription", Naseer Mohammad said.

Horticulturist D. Masilamani after conducting studies on various mosque gardens in the nation, has undertaken the garden project at the mosque.

The Exnora president told newsmen that the organisation had so far planted 10,000 saplings in the city.
Tree planting to tend secularism

MADRAS, Dec. 16.

Planting of trees will not only help protect the environment but also foster secularism.

This was proved today by volunteers of the Exnora International, the National Service Scheme and the Baitulmal Tamil Nadu, who planted saplings, provided by the Madras Corporation, on either side of the pathway leading to the ‘Big Mosque’ at Triplicane.

‘Today, you are planting not trees, but love and affection,’ said Dr. S. Nazeer Muhammed, president, Baitulmal Tamil Nadu. He was participating in ‘Anbu Thondu,’ organised by Exnora International at the 200-year-old Wallajah Mosque, to mark planting of 100 saplings to ‘strengthen secularism and foster a greater understanding between Hindus and Muslims.’

‘We will show the strife-torn nation the way. Tamil Nadu will set an example to the rest of the country,’ Mr. M. B. Nirmal, chairman, Exnora, said.

Dr. P. Masilamani, NSS programme officer, Presidency College, said flowering trees would be planted in the mosque compound. The space available could be converted into a garden, symbolising the unshakable faith of the people of Madras in the founding concepts of the nation.

The youth are not only planting trees but are helping foster secularism.

While the rest of India has been almost burning on the Ayodhya issue, there has been quiet and peace in Tamil Nadu, which has come as a surprise to the other states. In fact, Muslims here are deeply moved at the “feeling of deep remorse expressed by the Hindus, who are openly expressing their anguish and apology to us for what was done in the name of Hinduism in Ayodhya”.

This feeling of remorse has even gone a step further. Representatives of ExNoRa International, a civic organisation in the city, approached some Muslim leaders to know whether they could perform a karseva for the Muslims coming out of the Big Mosque in Triplicane after theNamaaz. Though the Muslims politely turned down the request saying that Islam did not permit Muslims to allow these gestures, the whole thing did come as a pleasant gesture and went a long way in healing wounds.

However, the ExNoRa volunteers said they would like to plant some trees at the mosque as an atonement for the destruction in Ayodhya. And sure to their promise, on Sunday morning, they turned up and dug pits for planting the trees. The planting will take place on Monday.
HINDU & CHRISTIAN MEMBERS of ExNoRa became GUARDIANS for MUSLIMS

In about ten roads of other parts of Chennai, Hindus and Christians became guardians by turns for their Muslim brothers and sisters. But fortunately no untoward incident happened, thanks to people's culture.
The Prince of Arcot declared that ExNoRa is a great FRIEND of MUSLIMS.
The Prince of Arcot inaugurated the Hindu Festival Navaratri Kolu organised by Women’s ExNoRa. He was honoured by ExNoRa as “ICON of COMMUNAL HARMONY”
There is an interesting story about Sri Kapaleeswarar Temple Tank which is situated on the western side of the temple. The place where the present tank is situated belonged to the Nawab of Arcot. Archakas and devotees of the temple met the Nawab and explained the necessity for a tank to be attached to temple. The generous Nawab immediately agreed to part with the land with the tank on condition that Shia Muslims should be allowed to use the tank on Moharram day each year.

This custom is being followed even now. There is perfect harmony between the temple authorities and the Nawab of Arcot even today. The present Nawab of Arcot, His Highness Nawab Mohammed Abdul Ali visits the temple and the tank on Floating Festival Day and temple honours are offered to him. At present the tank is very dry and in a bad condition.
Sizable land was donated by Arcot Nawab Family to Sri Ranganathar Temple as a gesture.

**Sri Ranganathar Temple** Srirangam-Trichy

The chef-d'oeuvre of secularistic act of Nawab Muhammad Ali Wallajah, Nawab of the Carnatic (1749-1795 A.D.), was retrieving the Sri Ranganathar Temple at Srirangam, near Trichy from the desecrating actions of the French troops, by deploying his armed forces and consecrating the religious place.

Further Nawab Muhammad Ali Wallajah gifted considerable extent of lands to the temple at Srirangam and other temples at Trichy for maintaining flower gardens for the use of temple. The said lands are still known as 'Nawab Gardens'.
Arcot Nawab Family donated land to Bishop Heber College for constructing the college
Arcot Nawab Family donated land to St Joseph’s College Trichy for construction of the College
Nawab Wallajah's rule was peaceful and he donated liberally to churches.

A communal Harmony Event organised with Hindus, Muslims, Christians, Buddhists, Jains & Sikhs with Exn M B Nirmal flagging of the INTER-FAITH PROCESSION on 22/1/1999
We the Christians, Hindus, Sikhs, Buddhists, Jains & Muslims release these pigeons symbolizing peace and harmony. We request you to stand up for total freedom from the deadly evil of Communalism. Humanity faces several problems global and local, from the drastic consequences of climate change, natural calamities and environmental pollution to poverty, illiteracy, unemployment, water and food scarcity, price rise, dreaded diseases and many other deadly threats. Adding to this woe are the unnecessary fights that we carry on between ourselves in the name of caste, colour, religion, region, language and race. We cannot remain divided anymore! Let us not fight amongst ourselves, lest we lose our focus, our peace and our lives. Let us together create a caring and sharing community. We have joined hands and vow to work for our collective mission and common cause and fight against the COMMON ENEMIES of the human kind.

Inauguration. How Maa was started?

• The day, 29.5.2003 will be part of the history of the world with regard to communal harmony. Why?

• Maa is already proving to be a successful concept. The concept was first introduced and the movement was launched in Nagapattinam on 29th May 2003, Tamilnadu, 19 months before Tsunami hit Nagapattinam on the 26th December 2009. It was inaugurated by Tamil readers’ hero and a wonderful thinker and writer Mr. Ka. Vi. Ko Abdul Rahaman along with Rev. Father Arul Irudhayam Adikalar, the then Chief of Shrine Vellankani Church (which is always open for not only Christians but people of all religions), Dr. Ari Oli a great thinker and speaker on Hinduism and Mr. Sudeep Jain IAS Collector of Nagai District, a straight forward, patriotic and nature loving officer (Islam, Christianity, Hindu and Jain religions were represented on the dias). The Founder and Author of Ma, ExNoRa and 5th Pillar, Exn M B Nirmal gave the Key note address.
Communal Harmony Birth Place:
NAGAPATTINAM

• Nagai is a sacred place for people three faiths Hindus, Muslims and Christians.

• Nagai people are National Role Models in respect communal Harmony.

• Three thousand Hindus, Muslims and Christians gathered and went on a procession.

• They stopped the places of worship of Hindus, Muslims, Christians and sang songs of all religions and did all religious prayers.

• When they stood before a church, those who were praying inside came out running and joined the prayer.
Communal Harmony Birth Place: Nagapattinam

• **Ka.vi.ko.Abdul Rahaman** himself a model for communal harmony. His mother tongue is Urdu. But his Tamil is beautiful! and he himself stands as a shining example of Communal Harmony.

• There is something strange happened in a mammoth public meeting in which 5000 people participated late in the evening. Speakers belonged to various faiths spoke. They did not brag about their religion. Instead spoke about the greatness in other religions.

• In his speech Nirmal said that we cannot afford to fight anymore as we have global common enemies like Climate Change and Ozone depletion to local dangers like cyclones, flooding and mosquito. The coincidence was tsunami struck Nagai one and half years later on a Sunday, 26th December 2004. The nature in its anger did not discriminate people of various faiths and treated them alike. Yes we have learnt a lesson for the need to be united to fight common enemies including Global Warming.

• Now there is a never before need for communal harmony particularly in the context of Climate Change more particularly from the view point of view of people learning ‘Adaptation’ in order to survive natural calamities.

**COLLABORATE & CELEBRATE**
It was a very memorable day, there were in all 3000 Hindus, Muslims, Christians almost equal in number. These people of all religions gathered, went on a procession, raised slogans on Communal harmony, stood before the places of worship of all the three religions, sang prayer songs of all the three religions and took oath to promote communal harmony. Interesting thing was when songs of other religions were sung before the place of worship of each religion, the people inside their place of worship, came out and did not quarrel for singing other religious songs in front of their place of worship, but instead joined all the religious prayer. (Sarva Madha Prarthana). Finally the big turnout of people attended a mammoth Communal Harmony Public Meeting. Religious leaders of all the three religions spoke. The Collector Sudeep Jain presided over and represented the Jains too. Mr. M.B. Nirmal, the Founder of Ma, Innovator of the concept and author of Ma book delivered the keynote address.
In his speech, Mr. M.B. Nirmal said “The city of Nagapatinam symbolizes communal harmony. It is a sacred place for Hindus, Muslims and Christians. Pilgrims of all these religions day in and day out gather in Nagapattinam and pray without any trace of communal conflict and tension. They practice perfect communal harmony. There are people particularly the Hindus who go and offer their prayers in the Sani Bhagwan temple, Nagoor Darga and Shrine Velankanni church. We face many common enemies like global warming and cyclones. For the cyclones in particular, Nagapatinam is a chosen path, hence the need for unity here quite important. When the cyclones hit Nagapattinam, it never discriminates people by their religion. It treats everyone alike and people of all people are affected. Maa is the solution to promote Communal harmony and rightly I chose Nagapattinam for its launch, which is being inaugurated here today. The whole country will follow Nagapattinam example”
This was Mr. M.B.Nirmal's speech in 2002 and the unity was stressed from the viewpoint of natural calamities. Following this event, exactly after two years, in the year 2004, Nagapatinam was the worst victim of Tsunami reiterating the message of Mr. M.B.Nirmal, that the need of the hour was collective unity against larger global enemies which threaten us all.

THE MESSAGE for HUMANITY

Tsunami was horrible. But there came human tsunami, and knowing of it will drench your eyes. People from throughout India and even abroad thronged and worked 24 hours a day. The HUMAN HIMALAYA SIKHS from Punjab over 300 came. They set up a 24 x 7 kitchen and unlimited chappathis and sahu were served to everyone. Muslims had more than a dozen vans and Briyani packets were delivered to everyone. Kannadigas set up a SOS brigade. Telugus and Malayalees were competing to serve. Christian Churches and Ramakrishna Matt proved to be great Samaritans.

RUMOURS
CAUSE TREMORS
Members of Maa will create awareness and teach people to examine the facts before getting into action. Simple rumors through word of mouth could create great harm. They will also propagate the virtues of tolerance, patience with perseverance.

The members of Maa will take this ideology to school and college students. For the mind of the young are like wet cement on which lasting impressions can be made. Members will seek to leave the impressions of love, compassion and peace in the young minds.
Rumours create tremors

- Vested interests indulge in rumour mongering
- Victims are invariably innocent people

The first activity of Ma is to create awareness on not people becoming impulsive and react on rumours.

- Members of Ma will teach people to examine the facts before getting into action.
- They will also propagate the virtues of tolerance, patience with perseverance.
The passengers pulled the chain and alighted the train as rumours spread that one of the compartments of the Bokaro Express that they were in had caught fire. As it was dark, they did not notice the oncoming train.

**Result**
Seven of the eight Bokaro Express passengers were run over by the other Train near Vizianagaram in Andhra Pradesh.

Can we say they are same colour with different shades?

Never be a racist. Colour of skin hardly matters. It is the colour of Heart that is all important - 7th Sense Master

All the FIVE are same colour with the difference of only the shade of their colour
We donate & receive blood.

What we should see is whether it is the same blood group?

But still more important is to see that the blood is HIV (AIDS) –free

But do we ever ask these questions listed below that donor must be my faith, nation, colour?

Maa, Mother Everywhere (Micro Chapter)
One Omanian is operated. We need **ONE** bottle of Omanian Blood.

A Tunisian is operated. We need **TWO** bottles of Tunisian Blood.

A Taiwanese is operated. We need **THREE** bottles of Taiwanese Blood.

A Fijian is operated. We need **FOUR** Bottles of Fijian Blood.

A French is being operated. **FIVE** Bottles of French Blood. We need

A Syrian is operated. We need **SIX** bottles of Syrian Blood.

A Serbian is operated. We need **SEVEN** bottles of Serbian Blood.

An Ethiopian is operated. We need **EIGHT** bottles of Ethiopian Blood.

If there is no difference in taking their blood, we should not feel that they are different from us. That is how Nature has created us.
Hindu, Muslim & Christian give blood. There is nothing called Hindu, Muslim or Christian blood.
Organs are donated & received from/to people of different faiths.

But do we ever ask these questions listed below that donor must belong to my faith and then only I will accept the donation?

WE will see only two things, whether the organ is compatible to our body & still more important is to see that the blood is HIV (AIDS) –free
Do we see these differences when organs are donated?

One Hindu is operated. A Hindu Heart is needed.

One Christian is operated. A Christian kidney is needed.

A Muslim is operated. One Muslim Mouth is needed.

A Jew is operated. A Jew jaw needed.

A Buddhist is operated. A Buddhist Bladder is needed.

A Jain is operated & a Jain Joint of Bone needed.

A Sikh’s skin is operated. A Sikh’s skin is needed for grafting.

Bahai’s Brain is operated. A Bahai’s Brain is needed.

If there is no difference in taking their blood, we should not feel that they are different from us. That is how Nature has created us.

Maa- Pledge All the members of Maa should take this Pledge

“ I, the member of Maa will adhere to motherliness through out my lifetime wholeheartedly. I hereby vow to toil towards the attainment of unity among various caste, creed, community and language. I will work my best to implement the action plans one by one. I will integrate all people to create a peaceful and sociable new world “

Maa, Mother Everywhere (Micro Chapter)
In Rome be a Roman

When people from native regions shift to an alien speaking area they would often feel some awkwardness in getting to know the new people. There could also lead to misunderstandings, and later result in being alienated by the locals. Maa plays a vital role here by advising such people to first learn to speak the language spoken by the people of that place. This will definitely help to develop good will among your neighbours. Also do not fraternize or take sides with members of your own community too much in public and never speak ill of another community in public.

Maa, Mother Everywhere (Micro Chapter)
IMAGINATION IS BOUNDLESS

The action plans listed above is just a guideline to the members. There are numerous similar actions that can be left to the imagination and creativity of the members, keeping in mind the essence and goal of Maa. Successes brought about through the implementation of any innovative action can be shared with the other Maa organizations through head quarters.

Maa, Mother Everywhere (Micro Chapter)
So are there any exceptional mothers to our society who are role model to Maa members? Well, history has seen some great examples of such love and compassion. One such icon is Mother Teresa. She rendered herself to the service of God and humanity. To pursue her mission she remained a nun for her lifetime, but she is indeed a Mother to the universe and every human on earth is her child. Members of Maa should work in a committed way to attain such motherliness as hers in whatever way they can.

Even our Father of Nation Mahatma Gandhi possessed such motherliness and our ex President of India Dr. A.B.J. Abdul Kalam exhibited the fine qualities when he spent time to converse and be in the company of children, again because he possessed the heart and ambitions of mother who teaches her children everything they will need to know on their journey to a successful life.
There are a whole lot proactive COMMUNAL HARMONY ACTIVITIES. You can upgrade your organisation as Maa, Mother Everywhere (Macro Chapter)

Volunteers for Temple ExNoRa will be no problem

• To serve the TEMPLE’s cause will be spontaneous with auto-motivation. The worshippers will attach divinity in their service.

• They will consider their service to TEMPLE as Service to GOD.

• They will feel that service to TEMPLE in reality a powerful prayer to GOD

• Therefore Maa, Mother Everywhere (Macro Chapter) will be a thundering success.
The best benefit of Maa, Mother Everywhere (Macro Chapter)

• Besides the TEMPLE becoming a wonder place, the town / village / city will also become a wonder place
