# Give the GATE to HATE

- ➔ Now it is not TIME for HATE, as we don't have time to HATE. It is time to STAY TOGETHER and fight the COMMON ENEMIES of the HUMANKIND and the PLANET, our only HOME.
- ➔ The COMMON ENEMIES are infinite in number and are working overtime 24x 365, **KILLING THOUSANDS OF INNOCENT HUMANS** and **DESTROYING** the PLANET, our COMMON ABODE.
- ➔ Unless we the humans don't unite and battle together against our COMMON ENEMIES , we will not be even alive to fight against each other, which gives us so much sadistic pleasure.

belonging to the lower castes under the unfortunate Indian caste system or being part of the western race categorization, with their mind conditioned for generations that they were created to do menial jobs and they are incapable of doing jobs needing higher skill, thinking, and creativity.

By experiments and trials over the last 30 years, it was found out and proved beyond doubt that this was the biggest lie nailed in the minds of those unfortunate fellow humans. By making small changes in their eight kinds of environment, they came up and excelled"

BREAKTHROUGH

**ENVIROTITLEMENT**

# The Breakthrough

Changing their Environment Changed the people. Poor and anti-socials responded positively

Now Science found that it is not your genes that determine your life. You can decide what should be your genes by only having the right kinds of environment.

Stem cells are cells that have the potential to develop into some or many different cell types in the body, depending on whether they are multi-potent or pluripotent. Serving as a sort of repair system, they can theoretically divide without limit to replenish other cells for as long as the person or animal is still alive. COMMUNITY-STAR

The STAR IDEA

**ENVIROTITLEMENT**

# THE COMMONER

- Poverty doesn't know the caste.
- Hunger doesn't differentiate humans by their religion.
- Starvation doesn't separate people by their language.
- Malnutrition doesn't discriminate people of different colours and races.
- People don't get their basic needs because they are a divided lot by caste, creed, colour, language, gender and political ideology.
- Film Fans of different film artistes and sports-stars clash and even kill each other due to their allegiances.
- It is all the way a kind of madness.

# COMMON MAN

- We distinguish the excellent man from the common man by saying that the former is the one who makes great demands on himself, and the latter who makes no demands on himself.

**JOSE ORTEGAY GASSET**

# ExNoRa COMMUNITY-STAR

"First things First"

“OUR CIVIC NEEDS

FIRST and FOREMOST”

- By and large the fundamental-needs never reach the COMMONER.
- They struggle throughout their life for what they are legitimately entitled to and die without getting most of their basic needs. Hence the **COMMONER** becoming **COMMUNITY-STAR**

# From a mere commoner to a Community Star

The worst affected from corruption is the common man. **Kailash Kher**

No doubt we have to have bigger projects, bigger industries, basic industries, but it is a matter of the highest importance that we look to the common man, the weakest element in the society. **Lal Bahadur Shastri**

**THE ANSWER**

**COMMONER to a

I have no concern for the common man except that he should not be so common. **Angus Wilson**

# THE MUST ACTIVITIES

Are you a  
“**ONE WAY STREET**” like **MOST**  
**HUMANS** or a  
“**TWO WAY STREET**” like  
**TREES?**

**ONE REASON** why the **5 HABITS**  
are so important. Just see  
“**Humans are ONE WAY TRAFFIC**”.  
You will not only adopt the **5**  
**HABITS** instantly, but propagate it too

Why ?

one should  
practise  
**ExNoRa's** Earth  
saving **5 HABITS**

To make  
the planet  
**LIVEABLE**

Humans are the bad example for **“ONE-  
WAY- STREET ”**.

He knows only to take & not give.

**DO YOU WANT PROOF?**

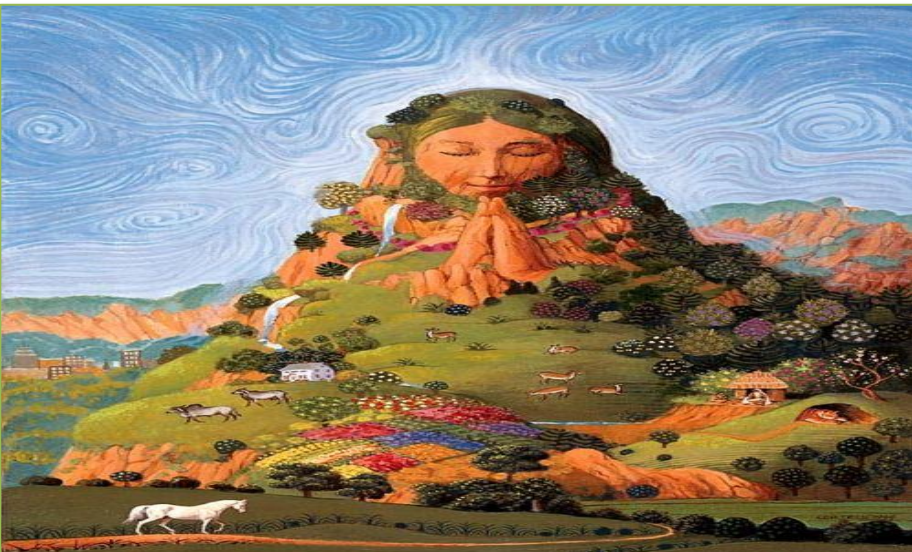

# Humans are “**ONE WAY STREET**” & **unilateral**

What we all do to Mother Earth are totally wrong.

Mother Earth gives us everything. Do you know what we give her back ?

We take everything but give her back hurts & injuries

Mother Nature may be forgiving this year, or next year, but eventually she's going to come around and whack you. You've got to be prepared. **Geraldo Rivera**

**But trees are “Both Ways” & are “BILATERAL”**

Don't you agree we need a teacher, who must be a role model, must be seen by us everyday.

Yes we have, a brother / sister whom you can see anywhere and everywhere so that we also treat Mother Earth with LOVE !!

"Even if I knew that tomorrow the world would go to pieces, I would still plant my apple tree."
