2. Sri Sakthi Amma's Humanity Temple

The only charitable acute care hospital in the region offering state of the art medical care, including surgery, that is provided to anyone without regard to his or her religion or ability to pay. In addition, the hospital operates extensive non-profit community health and humanitarian programs in 58 rural villages in Southern India.

A 200 bed charitable acute care medical center has treated over 13,000 in-patients, has had 250,000 outpatient visits, and the clinics have begun administering a complete series of immunizations to over 6000 children since opening in June 2004.

Sri Narayani Nursery School was the first of many seeds in Amma's vision for educating the community. It opened its doors in 1995 as a free-of-charge day care school providing local low-income workers a safe place to leave their children. What started as a one-room school that educated 10 to 20 children, has now expanded to facilitate the education of 2000 children, from pre-school to high school. Sri Narayani Vidyalaya opened in 2002. Ranging from pre-school to grade 12, it provides State Board education to local rural children who are taught in English and Tamil.

Sri Narayani Vidyashram School was inaugurated in 2014. It instructs students all the way from kindergarten to high school in English and Hindi, under the National-Board system of education.

Vidya Nethram lends a helping hand to students from local rural communities to further their education. Every year, 800 local students from low-income families are given tertiary level education scholarships.

On completing their studies and entering the workforce, graduates are encouraged to 'pay it forward' by pledging to support a student's education. This is a beautiful tradition of gratitude and encourages other students to follow in their footsteps.

FOOD PROGRAMS

Anna Dhanam (Anna = food; Dhanam = Giving) is offered to 5000 guests each day who visit the temple.

Today, Narayani Seva takes place everyday at Sri Annapoorani Mandapam, a large dining hall inside Sripuram. A free South Indian meal is served on a banana leaf to all temple visitors and staff members. On average, between 8000 to 10 000 guests are fed daily!!!!

Everyday Food distribution during Covid

CHILDREN'S PROGRAMS

Sakthi Amma Magalir Mempattu Maiyyam empowers women in difficult family circumstances with the opportunity of stable employment. Most of the women in this program are the sole breadwinners in their family. The initiative started with six women in 2007, and now employs over 50 women. They learn to make organic pooja products and sew traditional Indian clothing. The program supports women by inspiring dedication and confidence, thus fostering their self-esteem.

Punarjanma – A New Lease of Life assists families in distress, as well as illiterate women and families of long-term prisoners. These families or individuals are delivered from extreme hardship and social stigma by being provided with training and support, thereby helping them take control of their lives and to integrate socially with new-found dignity. There are many different ways in which support is offered, such as vocational training and education, sewing machine donations, new business assistance and cow donations.

Kalyani Program- Family Establishment is an initiative that provides wedding support for couples of any religion from low-income backgrounds. In the Hindu system, marriages tend to be a very expensive affair and usually present a long-term financial burden, particularly on the bride's family. This program alleviates the financial pressure, making the impossible possible for families in need.

Tribal Welfare Program supports tribal communities living in the rainforest region, located 100 kilometres from Sri Narayani Peedam. Donations include desks, benches, books and stationery for schools and students, as well as raincoats, blankets and basic health services. Sri Sakthi Amma talks regularly to the children of the tribal communities on the importance of taking care of nature and the environment they live in.

Vastra Dhaanam Program (giving of clothing) distributes clothing to people in need. Every year, 10 000 saris are distributed. Women come from far and wide, many walking for hours to receive their new sari.

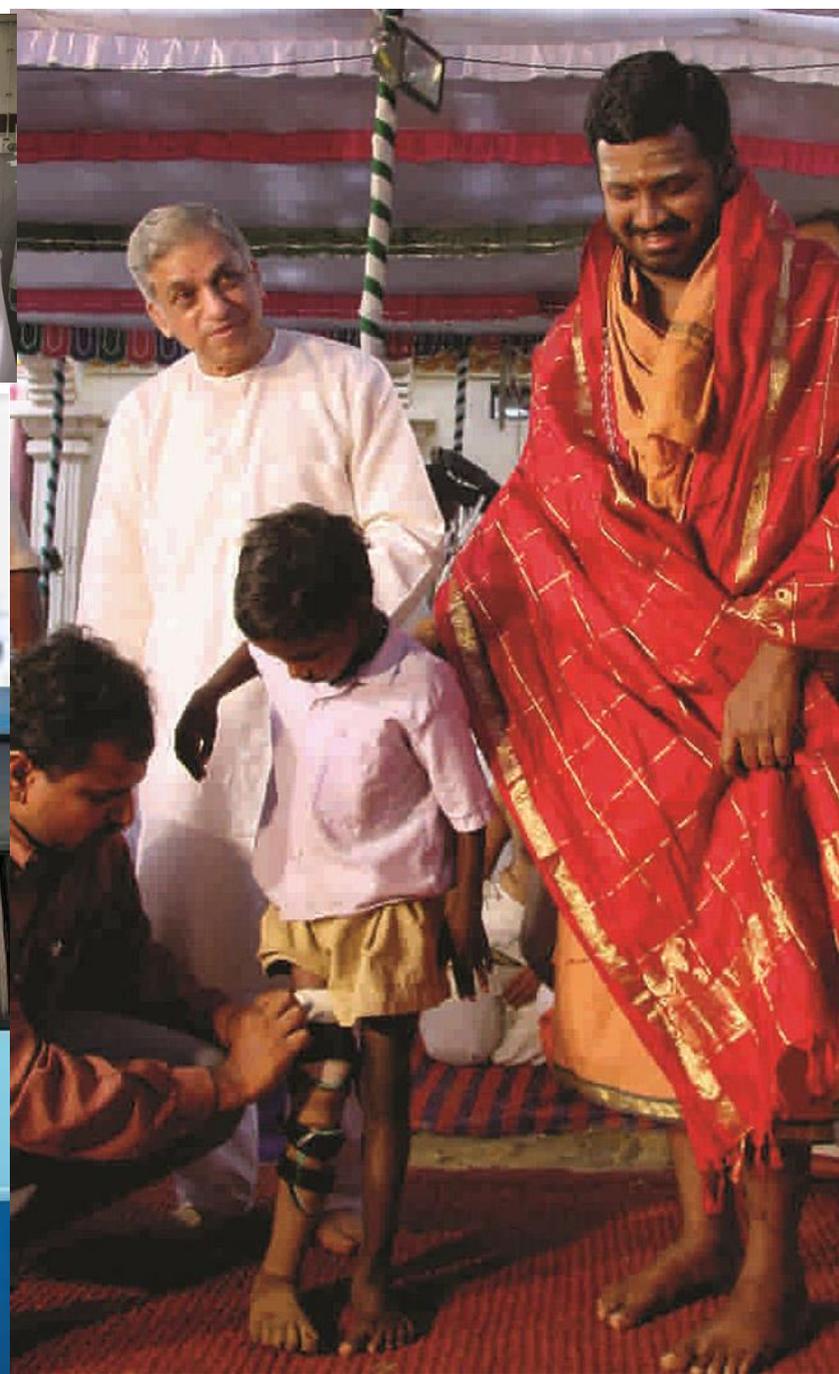

The Elderly & Young Mothers Support Program provides a monthly financial pension scheme for seniors and young mothers. Financial support is also made available for self-employment opportunities through a variety of Amma's projects, enabling those in need to support themselves and their families.

Press Release by Narayani Peetam on
ExNoRa - Solid Waste Management Project

On Saturday June 27th, 2009 an Environment Day function was held at the Sri Narayani Peedam. During the function a solid Waste Management Project was inaugurated. A programme like this started in the year 2000 on a very small scale with only 5 members of staff and has now grown to conformably employ over 200 people.

Excess waste and pollution and among the many factors threatening our environment. It should be given a high priority and should be taken care of in the conservation of our environment and the planet as a whole. With this in mind Sri Sakthi Amma embarked on an illustitious program called “Sri Sakthi Amma ExNoRa Zero Waste Management” which transforms Waste into Manure and other usable products.

ExNoRa - Solid Waste Management Project

The Narayani Peedam and Sirpuram have collaborated with the ExNoRa International organisation for the conservation of the environment on an average 2 tons of garbage is collected everyday from the surrounding areas of Thirumalaikodi. The garbage is then sorted into recyclable and non-recyclable waste.

Excess waste and pollution and among the many factors threatening our environment. It should be given a high priority and should be taken care of in the conservation of our environment and the planet as a whole. With this in mind Sri Sakthi Amma embarked on an illustrious program called “Sri Sakthi Amma ExNoRa Zero Waste Management” which transforms Waste into Manure and other usable products.

ExNoRa - Solid Waste Management Project

During the treatment process natural manure is created and used at the Sakthi Amma Greenery Afforestation Revolution (SAGAR) and the Sakthi Amma Afforestation Programme (SAAP) , Cleaning Powders are made from the fruit peelings. Cow dung collected from the Ghosala is mixed with waste from food staff, vegetable and fruits and processed to make gas. This gas is used at the Kamala Nivas Hotel and Community kitchens to prepare food.

.

The employees of this programme receive a good salary, uniforms, safety equipment, free meals, free medical treatment and medical insurance. Officials from ExNoRa International Organisation did an inspection of the facilities and were very impressed with its operations.

ZERO WASTE CENTRE

DETAILS

at the

END

How it all started ?

- With the swelling of pilgrims into thousands per day , the waste generated also became huge.
- Sri Sakthi Amma also was also kind to come with the offer of collection of waste from the nearby villages to solve their solid waste problem

The temple is located on 100 acres of land and has been constructed by the Vellore-based charitable trust, Sri Narayani Peedam, headed by its spiritual leader **Sri Sakthi Amma** also known as 'Narayani Amma'.

ExNoRa Green Temple Award

of the TEMPLE

**Golden Temple & the LARGEST and the BEST
GREEN TEMPLE of the WORLD**

The Sripuram - Spiritual Park is Amma's dedication to the World and all of Mankind.

- Sripuram spreads over 60 acres of land planted with a large variety of trees, breathtaking Landscape, Fountains, Eco-pond, Cascade Pathways in the shape of the Sri Chakra, lined with Scriptures from various religions of the world.
- At the very centre of the Sri Chakra pathway stands a Majestic Temple. This spiritual path is meant to foster greater reverence towards other religions.

- **The temple is a paradise of sorts, where tranquility, greenery and peace reign supreme.**
- **An attractive-looking terracotta-tiled ceiling over the 1.5 km long star-shaped foot path leading to the temple provides for the entry of ample natural light and wind.**
- **The temple is a paradise of sorts, where tranquility, greenery and peace reign supreme.**

WORLD'S BEST GREEN ARCHITECTURE
உலகின் தலை சிறந்த பசுமை வடிவமைப்பு

“ExNoRa Green Temple Award”

- The Golden Temple of Sripuram is a spiritual park situated at the foothills of Malaikodi, a village within the city of Vellore in Tamil Nadu, India.
- SRIPURAM received
“ExNoRa Green Temple Award” and
“ExNoRa Best Eco-friendly Campus of India Award” from Deputy Chief Minister of Tamil Nadu, Shri M.K. Stalin on 27th October 2007.

ExNoRa's best enviro-model of the world.

- **ExNoRa** International is a non-government environmental service organization.
- The body has rated the temple as one of the best Enviro -Model of the world.
- The eco-friendly features include Solid Waste Management (SWM), Liquid Waste Management (LWM), Rain Water Harvesting, Bio-Gas Generation, Organic Farming, Herbal Gardens, Paddy Fields & Tree Plantations, Hill & Campus Afforestation & Harnessing of Solar Energy.
- Manure and water for cultivation are generated internally.

The 14 Best Eco- Practices of Vellore Golden Temple (Checklist for every temple)

01. SoWaM - Solid Waste Management

10. Women Rehabilitation

11. Village Vantage -

ExNoRa's SoWaM
(**Solid Waste Management**) is fully Implemented

SoWaM (Solid Waste Management) has three tiers and all the three are practised here

1. **SoSoWaM (Source Solid Waste Management)** in respect of temple waste

2. **DeSoWaM (Decentralised Solid Waste Management)** in respect of several temple connected campuses (15)

2. **CeSoWaM (Centralised Solid Waste Management)** in respect of waste of nearby villages that is brought to temple waste management facility for process

ExNoRa's LiWaM

(Liquid Waste Management) is fully Implemented

LiWaM (Liquid Waste Management) has three tiers and all the three are practised here

1. **SoLiWaM (Solid Liquid Waste Management)** in respect of temple waste

2. **DeLiWaM (Decentralised Liquid Waste Management)** in respect of several temple connected campuses (15)

2. **CeLiWaM (Centralised Liquid Waste Management)** in respect of waste of nearby villages that is brought to temple waste management facility for process

ExNoRa's GaWaM

Gas Waste Management) is fully Implemented

GaWaM (Gas Waste Management) has three tiers and all the three are practised here

1. SoGaWaM (Source GasWaste Management) in respect of temple liquid waste

2. DeGaWaM (Decentralised Gas Waste Management) in respect of several temple related campuses (15)

2. CeGaWaM (Centralised Gas Waste Management) in respect of waste of nearby villages that is brought to temple waste management facility for process

ExNoRa's RaGa (Rain Gain or Source Rain Water Harvesting)

©
RaGa (Rain Gain or Source Rain Water Harvesting)
has three tiers and two tiers are practised here

1. **SoRaGa (Source Rain Gain)**. Each terrace becomes catchment area for the well bore well

2. **DeRaGa (Decentralised Rain Gain)**. The rain water that falls within the campus is harvested to temple ponds

3. **CeRaGa (Centarlised Rain Gain)**. This is meant for Municipal Corporation which must harvest the rain to their lakes and reservoirs

ExNoRa's WATREAT
Water Treatment is fully Implemented

WATREAT (Water Treatment) has two tiers and all the three are practised here

1. SO-WATREAT (Source Water Treatment) at temple ponds & Municipal Corporation Water Supply

2. PO-WATREAT (Potable Water Treatment) at Kitchen and for drinking

Zero Waste Management (ZWM)

- The temple also practices Zero Waste Management.
- This system includes a biogas plant. Between April 2002 and November 2003, the system has generated 33.8 tons of compost (worth Rs. 52,280) and earned Rs.22,400 through sale of recyclables.
- The compost generated is used in various areas within the temple site like the gardens, agricultural fields, nurseries and for hill restoration.
- The success of the project has encouraged the management to extend the ZWM to the Malaikodi village.

Waste Management of

SRIPURAM ExNoRa

- Plastics and glasses are shredded, papers compressed into bales and sent for recycling by the Solid Waste Management system.
- Sripuram Temple attracts a daily footfall of over 5,000 which translate into two tones of waste, both bio-degradable and recyclable.
- The waste is either turned back into material or into manure which is used for the site's soil.
- The waste water is recycled and used to irrigate the grass and plantations. Vegetables for meals are grown internally.

Sripuram ExNoRa

Zero Waste Centre work Area & Office Space

COMPOSTABLE

Waste Processing Facility (WPF)

- The temple authorities have set up a Waste Processing Facility (WPF).
- Four to five metric tons of garbage generated daily is processed by 70 workers.
- The bio - degradable waste is converted into organic manure through aerobic composting and vermi composting.
- During the treatment process, natural manure is created and used at the **Sri Sakthi Amma Greenery Afforestation Revolution (SAGAR)** and the **Sakthi Amma Afforestation Program (SAAP)**. Cleaning powders are made from fruit and vegetable peels.

Sri Sakthi Amma with M Suresh Babu, Director, Sri Narayani Peedam, Sripuram at the Temple ExNoRa Vermi- compost tanks

The Collector opens the 3rd Zero Waste Management Centre in the presence of Sakthi Amma & ExNoRa Founder Exn M B Nirmal (at the extreme right)

Sakthie Amma, ExNoRa Founder Exn M B Nirmal & the Collector are wonderstruck with the harvested and neatly packed ORGANIC MANURE . Yesterday's stinking waste is today's fragrant compost, thanks to Mother Nature

The Backbone of this project are the 150 SHG women who are a happy lot. Garbage is a minus & unemployment is another minus. **ExNoRa** combines them and make it as a major PLUS . This idea has to be followed in all places .

The wonder team with their leader President, Sakthi Amma
ExNoRa Exn. Meenakshisundaram. 150 women including
differently employed have been employed by
ExNoRa Zero Waste Center .

**Public Toilet
became JoyLET**

Jeevan Vigyan, the Science of Living for Being Human Being

It was JoyLet because it had
1. Carom 2. Books & Newspapers to
read while they were waiting for
their turn 3. Music 4. Bench to sit
5. wash basin for hand wash

JoyLet ©

JoyLet

- The dirty Giriappa Road Toilet became **JoyLet**.
- There were only 6 cubicles for a slum one thousand.
- Waiting for their turn was horrifying.
- Nirmal could not increase the number of cubicles but did everything to provide diversion of mind during their waiting time.
- People waiting impatiently for their turn, can listen to music & read newspaper sitting on benches outside in the green surrounding. Hence names as **JoyLet**.

PosTear

Poster mars the beauty of the city . ExNoRa has PosTEAR campaign from 1992. . Now the Mayor , Mr Ma Su has taken up the work of removing posters & beautiful paintings the walls. Success to ExNoRa

City's beauty marred by posters

2,000 volunteers deployed for clean up operation

War on posters begins Sunday

Madras, June 18:

Close on the heels of its ordinance banning posters the State Government has ordered the police and civic authorities to implement the law without any delay, fear, or favour.

On Sunday, 2,000 volunteers will be deployed to remove posters from the walls of the city. Exnora will take a leading part in the campaign to make city beautiful, launched by Chief Minister Jayalalitha.

The clean up will start on Anna Salai at 7.30 on Sunday and would be completed by 1 p.m. The five service and corporation will help the volunteers in their task.

Once the walls are cleared of posters, the corporation will whitewash the wall.

Police Commissioner, R. Rajagopalan Deputy Commissioner of Police of South, Collector of Madras and corporation commissioner will supervise the entire operation.

The Police Commissioner told pressmen none will be spared for violations of the ordinance, including political posters.

The man who pastes the poster, organiser and if necessary the printer will be charged for disfigurement of public places.

The offence under the ordinance carries a

fine of upto Rs. 1,000.

Till now 41 case were registered and 31 have been fined. The remaining poster offences are under investigation. He sought public cooperation in keeping the city beautiful.

Pressmen asked the Police Commissioner, how he proposed to deal with cinema posters. There are also other industries which very much depend on posters.

Rajagopalan replied that he was seized of this. They are considering provision of places for cinema posters. A decision will be taken by the government soon.

Nirmal started war on posters way back in 1992 which he called as PosTear . Now the Government is implementing it in letter & spirit

'விளம்பர பலகைகளும் அகற்றப்படும்'

சென்னை அண்ணா சாலையில் சட்டவிரோதமாக வைக்கப்பட்டுள்ள தனியார் நிறுவனங்களின் விளம்பரப் பலகைகள் அகற்றப்படும் என்று சென்னை மாவட்ட ஆட்சித் தலைவர் ஜெயபுரி பாலசந்தர் கூறினார்.

அண்ணா மேம்பாலத்தை அழகு செய்யும் வகையில் எக்ஸ்தோரா சமூக அமைப்பு ஏற்பாடு செய்திருந்த 'சுவரொட்டிகள்' அகற்றும் பணி நிகழ்ச்சியில் ஞாயிற்று அவர் கலந்துகொண்டார்.

அண்ணா சாலை முழுவதும் சுவரொட்டிகள் அகற்றப்பட்டவுடன் போக்குவரத்துக்கு இடையூறாக இருக்கும் தனியார் விளம்பரப் பலகைகள் அகற்றப்படும் என்றார் அவர்.

மேம்பாலத்தில் சுவரொட்டிகள் அகற்றப்பட்டவுடன் மறுபடியும் போஸ்டர்கள் ஒட்டப்படுவதைத் தடுக்க நெடுஞ்சாலைத் துறையினர் வெள்ளை அடிக்க வேண்டும் என்று நகர போலீஸ் கமிஷனர் ராஜகோபாலன் கேட்டுக்கொண்டார்.

சென்னை மாநகராட்சி கமிஷனர் அலாவுதீன், எக்ஸ்தோரா அமைப்பின் தலைவர் எம்.பி.நிர்மல் உள்பட பலர் இதில் கலந்துகொண்டனர்.

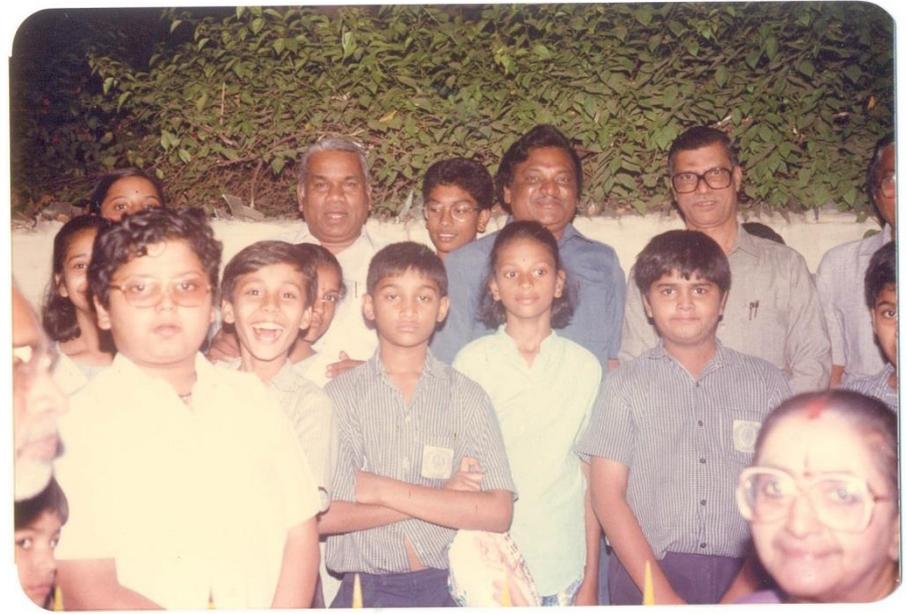

எழில் மிகு சென்னைக்கு அஸ்திவாரம்: அண்ணா மேம்பாலத்தில் சுவரொட்டிகளை அகற்றும் பணியில் மாணவ மாணவியர்களும் மாநகராட்சி துப்புரவுப் பணியாளர்களும் ஞாயிற்று ஈடுபட்டனர். "எக்ஸ்தோரா" சமூக சேவை அமைப்பு இதற்கு ஏற்பாடு செய்திருந்தது.

THE HINDU

RIGHT TO WALK **CHENNAI**

Exnora revives 'Flatform' campaign

STAFF REPORTER

CHENNAI,

JULY 06, 2013 10:18 IST

**ExNoRa
Founder M.B.
Nirmal. Photo:
K.V. Srinivasan**

On Saturday afternoon 40 people - 20 visually-challenged and 20 blindfolded sighted persons - will together walk along a challenging stretch of road in the heart of the city to emphasise the need for inclusive pedestrian infrastructure. With this, Exnora International is reviving its 'Platform' campaign, which looks at making footpaths inclusive, walkable as well as green.

"We are resuming 'Platform' after The Hindu launched the 'Right to Walk' campaign. People who use the platform the most must also have a say in designing it," said M.B. Nirmal, Founder, Exnora International. Mr. Nirmal said that Saturday's event where Youth Exnora headquarters members will participate is the first in a series of events being planned as part of the revival. The walk will take place at 3.30 p.m. at Chakrapani Street, West Mambalam.

Talk Back

We invite readers to participate in this campaign. You can email pictures of bad pavements (size not more than 1.5 MB) to myright@thehindu.co.in

Two gangsters turn a new leaf

Our Staff Reporter

CHENNAI, FEB. 23. Two underworld gang leaders today decided to turn over a new leaf in the presence of senior police personnel and members of the public at Vyasarpadi.

At a function organised by Exnora International (EI), the two dons - Vellai Ravi and Chera - whose names spelt terror in the city, promised to give up violence and do social work. Many persons had been killed and injured in the fight for supremacy between them.

The DCP, Flower Bazaar, Mr. Shakeel Akhter, said the police welcomed rehabilitation programmes for those who had taken to a lawless way of life. While warning that the police would put down rowdyism with a firm hand, he hoped that this event would serve as an example for others to follow.

Mr. A. K. Ulaganathan, Wildlife Warden, appreciated the move by the reformed gangsters to support tree-planting programmes.

Mr. M. B. Nirmal, founder chairman EI, inducted Ravi and Chera as "Tree Guardians" of Exnora Green Cross. He hoped that the duo would serve as examples for others to change.

Both Ravi and Chera pledged before the people that they would not resort to any form of violence and promised to support social causes.

THE HINDU

Mr. M. B. Nirmal, founder president of Exnora International, suggests that criminals could be reformed and rehabilitated using ``empathy''. As a test case, he says that Chera, an alleged gangster had now given up his notorious activities and was engaged in social work. Even recently, Chera led an environmental campaign at SAF games village. Another person, Natarajan of Padianallur, who was now ``reformed'', was recently elected as vice chairman of the local town panchayat. Mr.Nirmal feels that if criminals were given the right opportunity they could become the future assets of society. It is also learnt that the city police are chalking out some rehabilitation packages for reforming

MARCH 8, 2007

In Conversation

Turning New Leaf!

IN CONVERSATION WITH CHERA
DRAGGED QUANTUM TURNS
104-STORY 'SOCIAL WORKER'

Q What made you change?

A I wasn't interested in a political life. It was Arvind of Dharma who spoke on my behalf in the Chennai public commissions. His public face gave me a chance to reform. I am thankful to all those who have helped me.

Q How do you feel about your life?

A I am at peace now. The transition is going to the next. I am always with a group. These days, I worry about family. My wife has been in the hospital in the last three years. I could not spend much time with my family then. We were afraid of the police. But now, I stay with my family. The police know that I have returned.

Q What kind of social work are you doing?

A I have started planning to...

Q Will you return to politics?
A My father was a public servant. I did my mother when I was just 10 months old. My father married again. I grew up with my grandmother.

Q It is said that children who grow up with grandmothers are persecuted...

A I don't think so. My early life was trouble-free. At 24, I got a government job. I was appointed as office assistant in the DM's office. He was generous. I was 27. Then all of a sudden, I was to be made available for work. He was shocked. I could not get to work without permission. In one day, he got around my work.

Q How many police cases do you have against you?

A There were two cases in all. I was accused in two murder cases. The other was a case of 2007. I was the accused. I have been acquitted in all the cases. I am not with any one now.

Q Didn't you have a conviction?

A I had a conviction. I had a sentence and I had to go to jail. I had to go to jail.

Q Did you have any regrets about what you did?

A I didn't get satisfaction by anything else. I thought you had to live.

Q What are your future plans?

A I have a plan to start a business. I hope to start this in a while. I have plans to apply for social work. I may continue my work with the police. I have plans to do the same kind of work of others.

Q Do you have plans to run for office?

A I don't have any such plans.

Q How do you feel about your life now?

A I am at peace now. I am always with a group. These days, I worry about family. My wife has been in the hospital in the last three years. I could not spend much time with my family then. We were afraid of the police. But now, I stay with my family. The police know that I have returned.

Economic Times interviewed Chera who said how he got transformed

**Respected Nirmal Sir,
I am sad and sorry that I
have been leading a wrong
life.**

**But no one advised me like
you.**

**No one told me, in a way like
you, that I can understand.**

**No one told me, in a
language, tone and manner
like you, for me to accept.**

**I promise you I will never
resort to my old life.**

**K Veeramani,
Ayodhikuppam
4/6/2003**

உயர்திரு. எம்.பி. தீர்மல் அவர்கள்,
திருவல்லிக்கேணி,
சென்னை-600 005.

அய்யா,

மேற்கண்ட விஷயத்தில் வசிப்பதில் ஈடுபட்டிருந்தேன். அந்த
கொள்வது யாதெனில், ஐயா உங்களுடைய பொது சேவையை நான் நன்கு அறிவேன்
அதற்குரியதற்கு மாபெரும் தொண்டு செய்து கொண்டிருக்கும் தாங்களிடம் என்னுடைய
நன்றியை தெரிவிக்கக் கொள்கிறேன். அந்தர்ப்ப அறிவுரைகளைப் பற்றியும் நான்
என்று பொய்விடுத்ததற்காக மிகவும் வருத்தம்கிறேன்.

ஐயா, நான் இப்போது திருத்த வாழ் அடையும்கிறேன் ஏனெனில் தங்கள்
ஒருவர் தான் சமூகநீரோடு செயல்களை செய்து கொண்டிருக்கும் ரஷ்டிகளையும்,
சேவையாற்றும் மக்களாக அந்த அறிவுரைகளைக் கொண்டு கிளிக்க வேண்டிய
அவர்கள் மற்றவர்களை எல்லாம் எப்படி தல்ல மனிதர்களாக திருத்தி வாழ
வதற்காக அது போலவே என்னையும் நான் செய்த தவறுகளை மன்னித்து

என்னுடைய இயக்கத்தில் என்னுடைய அறம்பினை சேவை செய்வது
அனுமதிப்பீர்கள் என்று நான் உறுதியாக நம்புகிறேன் ஐயா இக்கடித்தான் நான்
அந்த அறிவுரை படிப்பதில் தான் தாங்கள் அறிவதற்காக அந்தந்த பெயர்
கட்டி, மற்றும் பலகப்பா கலைகளை இணைத்துள்ளேன் என்பதை தங்களுக்கு
தாழ்மையுடன் தெரிவித்துக் கொள்கிறேன்.

இப்படிக்கு,
தங்கள் உண்மையுள்ள,
K. Veeramani
