MADGALDEEP
Green Temple
A MISSION SUNEHRA KAL BHUTATE

08/04/2018 03:02

Supported By

Making Sri Ranganatha Swamy Temple Environment-Friendly

Implemented By

A MISSION SUNEHRA KAL INITIATIVE

Organic Manure

Decomposable waste in the temple is collected

Collected waste is deposited in the composter

Catalysts are introduced to speed up production of organic manure

Organic manure is used in the temple garden

BIO-GAS

Cow dung from Goshala and flowers offered to the deity are collected

Collected waste is processed in the composter

Bio-gas is produced and stored

The bio-gas is used as fuel for cooking in the temple's kitchen

Join us in this mission and keep the temple premises clean and green.
